2016 EHF Young Coaches Workshop

12 – 16 June 2016, in Balatonboglár / Hungary

EHF Competence
Academy & Network

Hosting City - Balatonföldvár, Hungary

Balatonboglár - Academy

This resort is situated at the mind point of the southern shore, and it is the terminal station for the popular Balaton swimming competitions, which starts at Revfulop on the opposite side.

Visitors may enjoy the local history collection at the Fischl House (12-14 Erzsebet Street); the first Hungarian church built of reinforced concrete in 1932; the round panorama view on Fortress Hill, as well as the fine arts exhibitions at Kapolna Hill and the open-air special events at the Kek (Blue) and Voros (Red) chapels.

Balatonföldvár - Hotel

This section of the Balaton's shore between Zamárdi and Balatonszárszó is unique in that the water depth is the lowest here. Since the hill ridges running along here reach out as far as the edge of the lake, it is possible to see as much as 200 km of the shoreline. These natural characteristics offered the opportunity that turned Földvárpusztá into a bath resort. One of the unique features of the development of Balatonföldvár is that is happened in the reverse, since it was first a bath resort and only afterwards became a community.

EHF Methods Commission

Development, Education, Further Education and Training are part of the core activities of the EHF Methods Commission (MC). Numerous courses and seminars for young coaches, top coaches, young referees, delegates, referees and club managers were organised by the EHF since its foundation. This year the EHF Methods Commission decided to organise its second Young Coaches Workshop.

This seminar is addressed to a small number of young coaches with both basic education and experience as coaches. They will be asked to prepare one practical session and present them during the workshop with the demonstration teams consisting of students of the National Academy of Handball located in Balatonboglár. During the workshop the participants will be asked to provide a second practical session to be presented during the workshop.

The EHF Lecturers; P. Kovacs / HUN - EHF MC member and initiator of this workshop and M. Petronijevic / SRB – EHF Lecturer, will evaluate these training sessions in content and realisation. J. Boss / GER - coach of teams and people in high-performance situations in sports and business will provide feedback on performance, soft skills and communication with the team.

We are looking forward to meeting you in Balatonboglár. The MC remains with best regards,

Jerzy Eliaz / Chairman MC

Sjors Röttger / Methods and Coaching

Peter Kovacs / Education and Training

Juan Lorenzo Anton Garcia / Youth, School and Non-competitive Sports

EHF Women's Handball Board (WHB) Supporting Measures

In our efforts to develop the area of women's handball in Europe, the EHF Women's Handball Board are very interested in initiating opportunities for women involved in Handball, in order to expand their knowledge and expertise and to increase the number of competent women in key positions; our ultimate aim being to support and strengthen women's handball and to promote female leadership.

Therefore, one of the WHB's main objectives is to recruit and encourage the current elite female players to remain in handball at the end their playing career, through specifically tailored educational opportunities, aimed at enhancing their skills for the roles such as coaches, delegates, referees and sports managers. These role models would inspire the future generations of handball players, to take up and remain within our sport because of the potential career pathways created.
